Meet the Doctor

Dr. Garrett Schultz is the owner and founder of ReVitalize Chiropractic. He is a Chiropractor in the Fargo-Moorhead region, where he was born and raised. He takes pride in the quality of care he provides to this wonderful community, and is always excited to see his patients get excellent results!

His chiropractic journey began at a young age. He had suffered multiple injuries from snowmobile accidents as a child, and even into his teenage years the resulting pain remained. He was introduced to chiropractic at the age of 17 and the results were so astonishing that he dedicated his life's work to getting an education and obtaining the necessary skills to allow people to experience a pain-free life in order to keep doing the things they love!
